At the heart of the story is Eleanor, a young woman haunted by the loss of her mother. As she struggles to make sense of her fragmented memories, Eleanor embarks on a journey of self-discovery that leads her to unexpected places. Along the way, she encounters a cast of characters who each have their own unique struggles and secrets.

There's Jake, Eleanor's childhood friend who has always been secretly in love with her. But as they grow older, their relationship becomes strained by unspoken feelings and the weight of the past. And then there's Dr. Harrison, a mysterious and enigmatic figure who seems to know more about Eleanor's mother than she does.

As Eleanor delves deeper into the past, she uncovers long-buried truths that challenge everything she thought she knew about herself and her family. With each revelation, the lines between memory and reality blur, and Eleanor must confront the difficult choices that lie ahead.

Blue Memories is a beautifully written and emotionally resonant novel that explores the profound impact of memory on our lives. With its unforgettable characters and evocative prose, this book will linger in your thoughts long after you finish reading.

## **About the Author**
