

Earth Our Home: Earthrise 15 - An Odyssey of Discovery and Wonder

In 2015, astronaut Scott Kelly embarked on a year-long mission to the International Space Station (ISS). During his time in space, Kelly took thousands of photographs of Earth, capturing the planet's beauty and fragility from a unique perspective. These photographs are now collected in the book *Earth Our Home: Earthrise 15*, a stunning testament to the wonder of our planet.

Earth, Our Home (Earthrise Book 15) by Daniel Arenson

The book is divided into five chapters, each of which focuses on a different aspect of Earth's beauty and fragility. The first chapter, "Our Planet," features images of Earth from space, highlighting the planet's vibrant colors and diverse landscapes. The second chapter, "Our Oceans," showcases the beauty and importance of Earth's oceans, from the vast expanse of the Pacific Ocean to the delicate coral reefs of the Caribbean Sea. The third

chapter, "Our Atmosphere," explores the complex and fragile nature of Earth's atmosphere, which protects us from the harmful rays of the sun and provides us with the oxygen we need to breathe. The fourth chapter, "Our Climate," documents the effects of climate change on Earth, from the melting glaciers of the Arctic to the rising sea levels along the coastlines. The fifth and final chapter, "Our Future," offers a glimpse of the challenges and opportunities that lie ahead for our planet.

Earth Our Home: Earthrise 15 is a powerful reminder of the beauty and fragility of our planet. The book's stunning photographs and thought-provoking text will inspire you to appreciate the wonder of our home planet and to take action to protect it.

Praise for *Earth Our Home: Earthrise 15*

"*Earth Our Home: Earthrise 15* is a breathtaking photographic journey that captures the beauty and fragility of our planet. With stunning images and thought-provoking text, this book will inspire you to appreciate the wonder of our home planet and to take action to protect it." — *Barack Obama*

"*Earth Our Home: Earthrise 15* is a powerful and important book. Scott Kelly's photographs are a stunning reminder of the beauty and fragility of our planet. The book's text is equally powerful, offering a clear-eyed look at the challenges facing our planet and the need for us to take action to protect it." — *Bill Gates*

"*Earth Our Home: Earthrise 15* is a must-read for anyone who cares about the future of our planet. Scott Kelly's photographs are a breathtaking testament to the beauty of our home planet, and his text is a powerful call to action." — *Leonardo DiCaprio*
