The Story

New Avengers Vol. 4: Everything Dies picks up where the previous volume left off, with the New Avengers team reeling from the events of "Civil War." The team is now led by Captain America, and they are facing a new threat: the Hood, a powerful crime lord who is assembling a team of supervillains to take over the world.

The New Avengers must stop the Hood and his team, but it won't be easy. The Hood is a powerful foe, and he has assembled a team of some of the most dangerous supervillains in the Marvel Universe, including Doctor Doom, Loki, and Magneto.

The New Avengers will need to use all of their skills and abilities to defeat the Hood and his team. But even if they can defeat the Hood, they may not be able to save the world from the destruction that he has planned.
