FamilySearch.org is the world's largest genealogy website, with over 1 billion records and documents from around the world. It's a treasure trove of information for anyone interested in learning more about their family history. But with so much information available, it can be difficult to know where to start.

That's where The Unofficial Guide to FamilySearch.org comes in. This book is the most comprehensive and up-to-date guide to using FamilySearch.org, written by a team of experienced genealogists.

What You'll Learn in This Book

The Unofficial Guide to FamilySearch.org will teach you everything you need to know to get started with your family history research on FamilySearch.org, including:

- How to create a free account and get started
- How to search for your ancestors in the FamilySearch database
- How to interpret the results of your searches
- How to build a family tree and connect with other family members
- How to use the FamilySearch Family Tree app
- How to access and use FamilySearch's vast collection of records and documents
- How to overcome common research challenges

Who Should Read This Book

The Unofficial Guide to FamilySearch.org is perfect for anyone who is interested in learning more about their family history, regardless of their experience level. Whether you're just starting out or you're a seasoned genealogist, you'll find something valuable in this book.
